### FRIDAY 20<sup>TH</sup> OCTOBER 2017

14:00 - 14:20 Sponsored Symposium

Less is more – advantages of the single-incision sling Altis

Suburethral slings are the gold standard for the surgical treatment of stress urinary incontinence.

But are single-incision slings as good as full length slings?

Many single-incision slings only have one size - and one size does not fit for all. Every woman is unique.

The Altis sling is adjustable and the efficacy is very high with very few complications reported.

Ursula Peschers
